

iSRRS2019

The 15th International Conference on
Rapid Response Systems and Medical Emergency Teams

Improving team work for deteriorating patients

18-19 April | Suntec Singapore Exhibition Convention & Centre

<http://isrrs2019.sg/programme-overview/>

18 April 2019			
0800 - 0900	Registration		
0900 - 1100	<i>(Summit 2)</i> Chair: Sophia ANG, Singapore		
0900 - 0920	Plenary 1 Challenges to recognising and responding to deteriorating hospitalised patients Daryl JONES, Australia		
0920 - 0930	Welcome Address iSRRS Organising Chair: Augustine TEE, Singapore		
0930 - 0950	Opening Address iSRRS President: John WELCH, UK		
0950 - 1000	Opening Ceremony Guest of Honour: A/Prof Kenneth MAK, Deputy Director of Medical Services, Ministry of Health, Singapore		
1000 - 1030	Plenary 2 Rapid Response System: Key Driving Force for a Hospital Safety and Quality Program Michael DEVITA, USA		
1030 - 1100	Coffee Break / Exhibition		
1100 - 1240	RRS save life: Learning from the best around the world (Room 324) Chairs: Sophia ANG, Singapore & Louis VOIGT, USA	The Right person at the bedside at the right time (Room 325) Chairs: Roshni GOKHALE, Singapore & Matthew MA, Taiwan	Making Hospital Safer (I) (Summit 2) Chairs: LIAW Sok Ying, Singapore & Francesca RUBULOTTA, UK
	NEW Scoring save lives John WELCH, UK	Setting up ICU at bed side in 2.6 minutes Faheem KHAN, Singapore	Driving patient safety via RRS Kuttiammal SUNDARASAN & Clarice WEE, Singapore
	The effect of national standard on outcome: Australia & New Zealand Daryl JONES, Australia	Developing an Intensivist led RRT Monica TRIVEDI, UK	Standardization of assessment and response reduce harm Lesley DURHAM, UK
	RRS: The Japan Experience Shigeki FUJITANI, Japan	Advance Nurse Practitioner Lead RRT Jibran MAJEED, USA	"How can I be of service today?" - Creating a culture of patient safety through RRS Duu Wen SEWA, Singapore
RRS: The Korean Experience Sangbum HONG, Korea	MET in Changi General Hospital: From Doctor-led to Nurse-led Mashithah Bin MANSOR, Singapore	Setting up data capture systems and Basics of analysis Geoff Lighthall, USA	
1245 - 1345	Lunch Symposium Technology with Right activation parameters followed by Good clinical response. Does it saves lives? Faheem Ahmed KHAN, Singapore		

1345 - 1525	<p>RRS Save Life: Overcoming Implementation Barrier (Room 324) Chairs: Agnes HUANG, Singapore & Michael DEVITA, USA</p> <p>ACLS is all about A-C-L-S: From Team of Experts to Expert Teams Matthew MA, Taiwan</p> <p>Implementing NEWS in Singapore General Hospital Wan Tin LIM, Singapore</p> <p>Challenges/Barrier in starting RRS in China Hospital Jun Duan, China</p> <p>Impact of delayed activations Paolo CALZAVACCA, Italy</p>	<p>RRS and End-of-Life (Room 325) Chairs: Stella ANG, Singapore & Daryl JONES, Australia</p> <p>Intersection between RRT and Death Alex PSIRIDES, New Zealand</p> <p>Making decision on behalf of critical care patient Ross FREEBAIRN, New Zealand</p> <p>Resuscitation cancer patient; what is appropriate Sanjay CHAWLA, USA</p> <p>Ethical issue and Medical legal issue related to RRS Louis VOIGT, USA</p>	<p>RRT Performance: How to raise the bar (Summit 2) Chairs: Duu Wen SEWA, Singapore & Lindsay GARCIA</p> <p>MET as a catalyst in a nursing journey of excellence Paulin KOH, Singapore</p> <p>Learning from reviewing MET call Sam RADFORD, Australia</p> <p>Case studies of MET failure and success Geoff LIGHTHALL, USA</p> <p>Audit of RRS: methodology, learning and improvement Jacinda BUNCH, USA</p>
1525 - 1545	Coffee Break / Exhibition		
1545 - 1725	<p>Early Recognition for improved outcomes (Room 324) Chairs: Esther TAN, Singapore & Monica TRIVEDI, UK</p> <p>The patient with respiratory distress Sam RADFORD, Australia</p> <p>The role Point-of-care ultrasound: Acute Respiratory Failure Adi OSMAN, Malaysia</p> <p>The Worried Criteria Gooske DOUW, Netherlands</p> <p>TBC Jonathan BANNARDSMITH</p>	<p>Oral Presentation (Room 325)</p>	<p>One nationwide Rapid Response System (I) (Summit 2) Chairs: Jansen KOH, Singapore & Chris HANCOCK, UK</p> <p>New Zealand Health Quality and Safety Commission: National Deteriorating Patient Programme Alex PSIRIDES, New Zealand</p> <p>RRS and National Policy (UK) John WELCH, UK</p> <p>National Strategies for deteriorating patients in Denmark Anne LIPPERT, Denmark</p> <p>TBC Somnath CHATTERJEE, India</p>
1900 - 2200	Gala Dinner		

19 April 2019			
0800 - 0900	Meet The Expert 1 - Changi General Hospital (Room 324) Expert: Alex PSIRIDES, New Zealand Faculty: YOON Peng Soon, WANG Xiqin, SIM Aishah, Singapore	Meet The Expert 2 (Room 325)  Supported by:	Meet The Expert 3 – Nightingale Vision (Summit 2) Experts: Cor KALKMAN, Netherlands & John WELCH, UK Supported by: 
0900 - 1030	<p style="text-align: center;">Early Recognition (Summit 2) Chairs: Augustine TEE, Singapore & Daryl JONES, Australia</p> <p style="text-align: center;">Plenary 3 Big data and real-time analytics are transforming rapid response landscape Dana EDELSON, USA</p> <p style="text-align: center;">Plenary 4 Biomarkers help in the early detection of shock, sepsis and Acute Kidney Injury Ross FREEBAIRN, New Zealand</p> <p style="text-align: center;">Plenary 5 Expert recognition of end of life: Do not intervene Ken HILLMAN, AUSTRALIA</p>		
1030 - 1100	Coffee Break / Exhibition		
1100 - 1240	<p style="text-align: center;">Sepsis 1 (Room 324) Chairs: Agnes HUANG, Singapore & Mandy ODELL, UK</p>	<p style="text-align: center;">Innovation and Technology (What is possible today) (Room 325) Chairs: Sophia ANG, Singapore & Lesley DURHAM, UK</p>	<p style="text-align: center;">One nationwide Rapid Response System (II) (Summit 2) Chairs: Roshni GOKHALE, Singapore & Jibrán MAJEED, USA</p>
	<p style="text-align: center;">Rapid detection of SEPSIS: beyond SIRS Alison FOX-ROBICHAUD, Canada</p> <p style="text-align: center;">The Immune system in early sepsis: predicting and detecting the deteriorating patient Andrew MORRIS, UK</p> <p style="text-align: center;">Hematocrit and plasma albumin level different: potential early marker of sepsis HU WangPin, China</p> <p style="text-align: center;">Pro-calcitonin as a sepsis marker: Experience in Intensive Care setting in Malaysia Basri MAT NOR, Malaysia</p>	<p style="text-align: center;">The Benefit of Continuous Monitoring Cor KALKMAN, Netherlands</p> <p style="text-align: center;">Technology helps to find patient in crisis Michael DEVITA, USA</p> <p style="text-align: center;">Innovation and Technology in RRS: Experiences from Samsung Medical Center Gee Young SUH, Korea</p> <p style="text-align: center;">Wearable Respiration Sensing Technology Gurpreet SINGH, Singapore</p>	<p style="text-align: center;">Early warning scores - A common language across hospital and community settings Chris HANCOCK, UK</p> <p style="text-align: center;">A national initiative for Electronic early warning system Chris SUBBE, UK</p> <p style="text-align: center;">Calling criteria: getting the line in the sand right Adam VISSER, Australia</p> <p style="text-align: center;">JET escalation Clarice WEE, Singapore</p> <p style="text-align: right;">Supported by: </p>
1245 - 1345	Lunch Symposium Chair: Chris SUBBE, UK Machine Learning outperform simple analytics in recognition of sepsis		

	Dana EDELSON, USA		
	Supported by: PHILIPS		
1345 - 1525	<p style="text-align: center;">Sepsis 2 (Room 324) Chairs: Augustine TEE, Singapore & Louis VOIGT, USA</p>	<p style="text-align: center;">Team Training: The deteriorating patients (Australian New Zealand faculties) (Room 325)</p>	<p style="text-align: center;">Making Hospital Safer (II) (Summit 2) Chairs: TING Kit Cheng, Singapore & Chris HANCOCK, UK</p>
	<p>Changing culture at scale: reducing sepsis mortality at wales, a country of 3 million people Chris HANCOCK, UK</p> <p>The Best Practice for Sepsis Management Daryl JONES, Australia</p> <p>Thailand SEPSIS movement Ratapum CHAMPUNOT, Thailand</p> <p>RRT and Sepsis: Outcomes and Interventions Barbara MCLEAN, USA</p>	<p>Richard CHALWIN, Australia Anne LIPPERT, Denmark Amit KANSAL, Singapore Adam MONTAGU, Australia Alex PSIRIDES, New Zealand Sam RADFORD, Australia</p>	<p>Reaching OUT: The Nurses Lead The way John WELCH, UK</p> <p>Hospital at night: The strength and weakness of nurse led response Mandy ODELL, UK</p> <p>RRS: A strategy for improving patient care and nursing work environment TAN Hui Ling, Singapore</p> <p>Ensuring competency of RR nurse in Acute Medicine Francesca RUBULOTTA, UK</p> <p style="text-align: right;">Supported by: PHILIPS</p>
1525 - 1545	Coffee Break / Exhibition		
1545 - 1700	<p style="text-align: center;">Attending to High Risk Patient in General Wards (Room 324) Chairs: Esther TAN, Singapore & Sanjay CHAWLA, USA</p>	<p style="text-align: center;">Team Training: The deteriorating patients (Australian New Zealand faculties) (Room 325)</p>	<p style="text-align: center;">Barrier to the Implementation of Rapid Response System (Summit 2) Chairs: LIAW Sok Ying, Singapore & Gooske DOUW, Netherlands</p>
	<p>Potential Fatal errors: Resuscitating the acutely deteriorating infectious patient Jansen KOH, Singapore</p> <p>Avoidable Harm for Obstretic patient Lindsay GARCIA</p> <p>The Role of Point of care ultrasound in RRS Adrian WONG, UK</p> <p>Rapid response system in end-of-life care Mandy ODELL, UK</p>	<p>Richard CHALWIN, Australia Anne LIPPERT, Denmark Amit KANSAL, Singapore Adam MONTAGU, Australia Alex PSIRIDES, New Zealand Sam RADFORD, Australia</p>	<p>APN led: The challenges of APN led MET Mei Siew, Singapore</p> <p>Culture and Social barrier in escalating care CHUA Wei Ling, Singapore</p> <p>Making MEWS Matter Barbara MCLEAN, USA</p> <p>Innovative approaches in early detection of the deteriorating patient / Enhancing interdisciplinary teamwork to improve RRS Jacinda BUNCH, USA</p> <p style="text-align: right;">Supported by: PHILIPS</p>

*Timing and programme are subject to change by Organisers.
